Soft Skill

- Leadership
- Decision making
- Communication
- Creativity
- Adaptability

Education

Currently pursuing III year B TECH ARTIFICIAL INTELLIGENCE & DATA SCIENCE in Dr. Mahalingam College of Engineering & Technology with 8.7 CGPA (until IV sem).

HSC in P.A. Vidya Bhavan Higher Secondary School with 95%.

SSLC in P.A. Vidya Bhavan Higher Secondary School with 90%.

Area of Interest

- Deep learning
- Data science
- Cloud computing

About Me

Student of third year Artificial Intelligence & Data Science engineering with self motivated, dedicated person. Currently pursuing specialization of Data Analytics.

Software Skills

Languages: C, Java
MySQL
Web Development: HTML & CSS

Project

Created IOT door locking system using Arduino and Raspberry Pi.

Integrated sensors for monitoring and employed MQTT for communication.

Internship

Completed Web development course for 2 months in Smartknower.

Completed internship on Deep learning for 1 month in Deep2neuron.

Certifications

Participated in the two days Workshop on "Cyber security & ethical Hacking".

Participated in the "Data science" at IITM Research Park, Chennai.

Participated in the two days Workshop on "Mobile Application Development using Kotlin".

Presented a paper on "Cyber security" in Karpagam College of Engineering.

Completed certification on Excel VBA in Great Learning.
